Dr. Purcell:

I regret to greet you with such a poor communication; however business is business please understand.

Please view the below correspondence.

I am more than apologetic about this manner of un-professionalism. Mr. Looney has been more than an asset in assisting to correct the precedings surrounding my not being afforded an opportunity to experience professional development in addition to present at a **"National School Reform Conference"**.

After my request was denied and returned to me (30) days after I applied I began to seek a reason per why? I have been un-successful in gathering a fair reason other than retaliation from Mr. Barker - HR with reference to an EEOC compliant and AEA Grievance filed earlier this year.

I approached Mr. Looney seeking his assistance and he has responded that he was un-successful. I do appreciate his efforts as always he has always been a resource for me with better professional practices.

My communication to you is clearly to make you aware that I am sorry for attempting to seek professional advancements in addition to sharing the accomplishments that have been made by MPS and the Department of Curriculum of Instruction with other school districts.

I will continue to work hard, and support your esteemed leadership practices.

Again I am sorry for this situation, please contact me as needed. As of this communication I have cancelled my reservations.

Regretfully yours,
